Assam BOP

A black tea grown at high altitude in the north of India. BOP stands for Broken Orange Pekoe and reflects that the larger leaves are broken to give a greater surface area (and therefore infusion). This is a strong and intense tea with malty flavours that is best enjoyed with the addition of milk.

Ceylon OP

A black tea grown at altitude in Sri Lanka. OP or Orange Pekoe refers to the highest grade of tea consisting of only unbroken leaves. This gives the cup a rounder, smoother mouthfeel with a delicate perfume.

Darjeeling First Flush

Grown right against the Himalayas, the area of Darjeeling is famous for its exclusive teas. First flush is the highest grade of Darjeeling and refers to the fact that only the two first-grown leaves are plucked for use in the tea. Light, elegant and floral, many connoisseurs consider Darjeeling to be the 'Champagne' of teas.

WHITE & GREEN TEA

Pai Mu Tan

A white, lightly oxidised tea grown in the Fujian province of China. Slightly richer than other white teas, Pai Mu Tan nonetheless a light-bodied, fragrant and mellow tea with fruity and grassy aromas.

Sencha Fukuyu

Grown in coastal Honshu, this benchmark steamed Japanese green tea is refreshing and distinctive. High in antioxidants, light and smooth with a strong, grassy flavour, this is the quintessential Japanese tea.

Gunpowder Green

A Chinese green tea that is made by rolling each leaf into a small pellet shape – often resembling gunpowder! This method helps to preserve the flavour and freshness of the tea leaf and results in a delicious, light-bodied and refreshing tea.
